CAREER OBJECTIVE

Highly motivated BS Computer Engineering student from Dalubhasaan ng Lunsod ng San Pablo seeking an internship at DOST-ASTI under the Computer Software Division (NAIRA Project). Eager to contribute academic knowledge in web development, database management, UI/UX design, Python programming, and computer networking while completing the required 450 hours of On-the-Job Training (OJT).

EDUCATION

Dalubhasaan ng Lunsod ng San Pablo	San Pablo City, Laguna
Bachelor of Science in Computer Engineering	2023 - Present
Felix Amante Senior High School	San Pablo City, Laguna
Accountancy, Business and Management	2021 - 2023

ACADEMIC PROJECTS

DLSP Engineering Insights Repository May 2026

Web Development & Database Project

- Developed a web-based academic resource platform using HTML, CSS, JavaScript, Node.js, and Express.
- Created the frontend interface and responsive layouts for students and instructors.
- Worked with PostgreSQL and Neon Database for storing and managing user and resource information.
- Assisted in developing backend features with AI-assisted coding, followed by testing and debugging to ensure the features worked as intended.
- Used Vercel and Cloudinary for deployment and cloud-based file and media management.
- Prepared project documentation and presentation materials and coordinated tasks with team members.

OZkar OS: Turn Distraction Into Direction June 2025

UI/UX & Operating Systems Academic Project

- Designed a student-focused mobile OS concept emphasizing productivity, organization, and study habits.
- Developed interface and UX flows covering the login screen, home screen, app drawer, control center, and personalization.
- Designed the KarGo study-management application with schedules, reminders, task management, and educational activities.

TECHNICAL & PROFESSIONAL SKILLS

- **Programming & Web Technologies:** HTML, CSS, JavaScript, Basic Python, SQL
- **Database & Cloud Technologies:** Visual Studio Code, PostgreSQL, Neon Database, Vercel, Cloudinary
- **Design & Development Tools:** Figma, Cisco Packet Tracer
- **Productivity Tools:** Microsoft Word, Microsoft Excel, Google Docs, Google Sheets, Canva
- **Professional Skills:** Task Organization & Prioritization, Time Management, Communication, Teamwork, Leadership, Problem-Solving, Active Listening, Adaptability

CERTIFICATIONS & SEMINARS ATTENDED

- **Certificate of Participation**, "Hands-On Web Development (HTML, CSS, JavaScript)" — Organized by Ethel Programming Computer Programming Services, 2026
- **Certificate of Completion**, "Basic Python" — MNet IT Solutions, 2026
- **Certificate of Attendance**, "Python Programming" — Organized by Project Tuklas Teknolohiya, 2026
- **Certificate of Attendance**, "Basic SQL & Database Management" — Organized by Project Tuklas Teknolohiya, 2026
- **Certificate of Participation**, "Build, Commit, Deploy: Mastering Mobile Development with GitHub" — Organized by Ethel Programming Computer Programming Services, 2026
- **Certificate of Completion**, "Networking Basics" — Cisco Networking Academy, 2026
- **Certificate of Participation**, "Keep it Human! Understanding People, Designing Experiences, Shaping Better Technology" — Organized by West Visayas State University—College of Information and Communications Technology, 2026
